

Security Automation Developer Days 2010

Additional Resources

The following are links in alphabetical order to additional information about the various topics that were discussed at MITRE's Developer Days conference.

Asset Identification

- Discussion list: emerging-specs@nist.gov
- Discussion list registration: <http://nvd.nist.gov/home.cfm?emaillist>

Assessment Results Format (ARF)

- Discussion list: emerging-specs@nist.gov
- Discussion list Registration: <http://nvd.nist.gov/home.cfm?emaillist>

Assessment Summary Results (ASR)

- Discussion list: emerging-specs@nist.gov
- Discussion list Registration: <http://nvd.nist.gov/home.cfm?emaillist>

Common Attack Pattern Enumeration and Classification (CAPEC™)

- Discussion lists registration: <https://capec.mitre.org/community/registration.html>
- CAPEC Content Version 1.5: https://capec.mitre.org/data/xml/capec_v1.5.xml
- CAPEC Schema Version 2.0: https://capec.mitre.org/data/xsd/ap_schema_v2.0.xsd
- Calendar: <https://capec.mitre.org/news/calendar.html>

Common Configuration Enumeration (CCE™)

- Discussion list registration: <http://cce.mitre.org/community/community.html>
- CCE Content: http://cce.mitre.org/lists/cce_list.html
- Calendar: <http://cce.mitre.org/news/calendar.html>

Common Platform Enumeration (CPE™)

- Discussion list registration: http://cpe.mitre.org/community/discussion_list.html
- Discussion list archive: http://cpe.mitre.org/community/list_archive.html
- New work (CPE 2.3): http://cpe.mitre.org/specification/new_work.html
- Official CPE Dictionary: <http://nvd.nist.gov/cpe.cfm>

Common Vulnerabilities and Exposures (CVE®)

- Mailing list registration: <http://cve.mitre.org/news/newsletter.html>
- CVE Content: <http://cve.mitre.org/cve/cve.html>
- Calendar: <http://cve.mitre.org/news/calendar.html>

Common Weakness Enumeration (CWE™)

- Mailing lists registration: <https://cwe.mitre.org/news/newsletters.html>
- CWE Content Version 1.9: <https://cwe.mitre.org/data/>
- CWE/SANS Top 25 Most Dangerous Software Errors: <https://cwe.mitre.org/top25/>
- Calendar: <https://cwe.mitre.org/news/calendar.html>

Emerging Specifications Discussion List (NIST)

- Discussion list registration: <http://nvd.nist.gov/home.cfm?emaillist>

Extensible Configuration Checklist Description Format (XCCDF)

- Discussion list registration: <http://nvd.nist.gov/home.cfm?emaillist>
- Specification and Schema: <http://scap.nist.gov/specifications/xccdf/>

Security Automation Developer Days 2010

Malware Attribute Enumeration and Characterization (MAEC™)

- Discussion list registration: <https://maec.mitre.org/community/index.html>
- Discussion list archive: <http://maec.mitre.org/community/archive.html>
- Calendar: <https://maec.mitre.org/news/calendar.html>

Making Security Measurable (MSM)

- Current Collection: <http://makingsecuritymeasurable.mitre.org/list/index.html>
- Events & Participation: <http://makingsecuritymeasurable.mitre.org/participation/index.html>
- Developer Days archves: <http://makingsecuritymeasurable.mitre.org/participation/devdays.html>

Open Checklist Interactive Language (OCIL)

- Feedback mailing list: ocil-feedback-list@lists.mitre.org
- Developer list: ocil-developer-list@lists.mitre.org
- Developer list archive: <http://n2.nabble.com/OCIL-Open-Checklist-Interactive-Language-f3231744.html>
- Specification and Files: <http://scap.nist.gov/specifications/ocil/>
- OCIL Interpreter: <http://sourceforge.net/projects/interactive/>

Open Vulnerability and Assessment Language (OVAL®)

- Discussion list registration: <https://oval.mitre.org/community/registration.html>
- Discussion list archive: <https://oval.mitre.org/community/archives.html>
- OVAL Language Version 5.8: <https://oval.mitre.org/language/version5.8/>
- OVAL Interpreter: <http://sourceforge.net/projects/ovaldi/>
- Calendar: <http://oval.mitre.org/news/calendar.html>

Policy Language for Assessment Results Reporting (PLARR)

- Discussion list: emerging-specs@nist.gov
- Discussion list registration: <http://nvd.nist.gov/home.cfm?emaillist>

Remediation

- Discussion list: emerging-specs@nist.gov
- Discussion list registration: <http://nvd.nist.gov/home.cfm?emaillist>

Security Content Automation Protocol (SCAP)

- Discussion list registration: <http://nvd.nist.gov/home.cfm?emaillist>
- SCAP Specifications: <http://scap.nist.gov/revision/index.html>
- SCAP Content: <http://scap.nist.gov/content/index.html>
- SCAP Validation: <http://scap.nist.gov/validation/index.html>
